

Fall Semester - 2022

Field Trip Experience - Up to 2 Trips per FAMILY allowed!

BONUS EXPERIENCE!!

Please NOTE up to 2 TRIPS per Partnership family are allowed. A trip does **NOT count** toward your maximum number of Community Resource classes. It is a BONUS enrichment opportunity for students to explore the skills and talents in our community. A project does NOT have to be completed for a field trip, but a trip CAN be the basis for a project that can be counted for another class.

You will be given the opportunity to choose up to two of the trips below for your student/s during REGISTRATION. You will first need to choose the Field Trip Category in order for these options to appear and for you to then be able to make 1 or 2 trip choices.

Partnership Student location fees are PAID for by the Partnership. Accompanying adults and non Partnership students must pay location 'group' fees. ALL trips are DRIVE ONLY. Buses are no longer available.

If you sign up for a trip and plans change so that your family cannot attend the trip, please email Becky right away as she will be keeping a 'Waiting List' of interested families for each trip.
