INSTRUCTOR QUALIFICATIONS: Zoe Elrick

Zoe Elrick is an award-winning artist with a background in education, culture, science, art, history, as well as landscape architecture and ecology. In 2011, she started the Galien Valley Nature and Culture Program (GV-NCP), in Three Oaks, Michigan. Also, she is a registered landscape architect in Michigan and has worked for Pizzo and Associates, an ecological restoration firm of prairies, woodlands, and wetlands. Her landscape architecture degree is from University of Illinois Urbana-Champaign. Plus, she has taken nature classes in New Jersey at the Tracker School of nature awareness, wilderness living, and wilderness survival.

COURSE DESCRIPTION:

Class is mostly indoors, but students will visit their outdoor backyard too.

This class is both informative and fun! Explore your own backyard. Draw nature and things in your backyard. Start or expand your Nature Journal. Drawing the things of nature helps people to learn about nature. This is a drawing class, a nature class, and a show-n-tell class. On Zoom, talk with classmates about your art, nature journal, and nature in your backyard. In class, we'll draw things such as sticks, leaves, snowy features, tracks, animals, the backyard landscape, backyard map, etc. Each day of class, there will be a few different drawing activities, indoors, as well as one or two nature-exploration activities, outdoors, in your backyard. There will be a lot of free-hand sketching, as well as some tracing too. Plus, students will write at least a little about their backyard and sketches, in their Journal. Parents may help with writing for young students.

Recommended: during class, at least for the first few days of class, parents should assist students with Zoom and the class, for students who are under age 12.

COURSE MATERIALS:

Teacher provides web page with sheets for student to print out at home.

(Required) Required to bring to class (provided by student/family):

Smart phone, iPad, and or computer (laptop or desktop) with Zoom software
