ADDITIONAL REGISTRATION AT SITE REQUIRED? YES NO X

IF YES, INSTRUCTIONS FOR REGISTRATION:

MAIN INSTRUCTOR QUALIFICATIONS:

I am a former homeschooler who used a Michigan partnership to help me develop my artistic talents and led me on a path to a degree in Graphic Design, which I use with the Harold Palladium and to the position of Art Director of the Niles S.T.E.A.M. Room. I received my degree from Southwestern Michigan College. I am excited about using my four years of advanced ceramics/pottery education to help found the Niles S.T.E.A.M Room maker space and mentor others on their journey in art. I look forward to the small part I will play on your journey into the arts.

COURSE DESCRIPTION (complete overview shown on website):

This course is, in part, a self-directed advanced studio course. It is designed to support artists in their continued study of ceramics and pottery. This course is intended for artists with experience who are looking for improvement and continued education in ceramics/pottery. The artists will work alongside the instructor, as well as on their own to develop skills and techniques in the ceramic arts. Whether hand building or wheel throwing, the artist will be given assistance and assignments based on their directed study of choice. Each artist will be given their own box of clay to use in the course. If artist would like to come into the STEAM Room, on their own, on other Saturdays or open time, they are welcome.

SYLLABUS/OUTLINE: weekly breakdown of Project-Based Learning activities

Describe activities that will reinforce the lesson. Include any work and time to be required outside of class. List here or (circle) SEE ATTACHMENT.

As artists identify their learning goals, weekly accountability will take place. The instructor will provide helpful feedback to lead to a positive outcome.

COURSE OBJECTIVES AND APPROXIMATE TARGET DATES:

Steps to check for student understanding, along with dates or # of weeks into class:

As artist focused goals are laid out, artists will demonstrate they understand by producing a project generated from those self-directed goals.

STUDENT ASSESSMENT - what will be used to evaluate student progress and/or end of semester pass/fail status?

All classes abide by the following:

- 1) Student agrees to attend at least 80% of class sessions/lessons offered. Attendance is kept online and tracked by Partnership staff. Failure to meet 80% or be on track to meet 80% may result in program discontinuation.
- 2) The Partnership Student Assessment or Performance Form is filled out by the teacher and turned in to Partnership staff. The link to this form is found on the web page for this class. Failing marks for lack of participation, behavior issues, practice time, etc. may result in program discontinuation.

Class-specific assessment: discuss and include the form or a link to the form that you use.

Finalized projects will be assessed on how much the artist has advanced in their techniques.

ADDITIONAL RESOURCES: (online, books, video, etc.):

CLASS POLICIES: ATTENDANCE, BEHAVIOR, WEATHER, ETC.

Attendance: It is expected that an artist attends all sessions for the best outcome and learning experience.

Behavior: Responsible behavior is expected. Adherence to safety and procedural policies will be expected at all times. Honoring fellow artists will be expected by encouraging one another on their work.

Weather: If the Niles School District is closed due to weather, this course will also be closed.

Other: If an event like COVID 19 were to happen again, each artist may take their box of clay home. If needed, the artist may borrow a set of tools from the STEAM Room. Virtual instruction will continue, each week. Items that need to be fired may drop them off at an agreed upon time.
