

At Fusion, we offer something for everyone! All classes follow time tested curriculums and focus on technique, musicality, and strength building. From our youngest dancers to our most seasoned, the Fusion method is designed to bring out the best in each of our students and to build their skill set to develop their own unique style and meet their personal goals.

Ages 3 and Under

Tiny Tumblers - A great place to start. Learn basic stretching and tumbling skills with a fun engaging curriculum that will get everyone wiggling and shaking.

Dance with Me! - (18 mo.-2.5) This class focuses on development with parent and child participation in an introduction to dance class. Students learn valuable skills such as listening, taking turns, standing in line, following directions and sequential order. It is a great class to help transition your child into a dance class on their own. Our big goal is that this class will perform in the recital with parents watching from the audience.

Ages 3-5

Ballerina Princess - Jump, twirl and dance in this fun introductory dance class designed for children 3-5 years old. It is a first step into the world of dance. The class includes tap, ballet and creative movement. Each month a new theme will engage students in movements to refine gross motor skills through props and fun activities. *Students must be potty trained.*

Pre-Primary Acro - Get tumbling! Learn basic stretching and tumbling skills with a fun engaging curriculum that will get everyone moving and improve strength and technique.

Diva Hip Hop - This high energy class is the perfect introduction to hip hop for our little super stars. Students will build motor skills, strength, and confidence.

Ages 5-7

Combo Classes - These classes let students explore two different styles of dance while continuing to increase basic skills, enhance large motor movements, improve musicality, and have fun. Students will perform both styles of dance in the recital at the end of the year. Classes include ballet/tap, jazz/lyric, hip hop/acro, ballet/jazz and more!

Ages 8+

As students mature, it is time to take technique to the next level with full hour to 1 ½ hour classes that focus on one genre at a time.

Ballet Pointe Contemporary Jazz Tap Hip Hop Modern

All are taught by our certified, adult staff. These classes follow primary, elementary, intermediate, and advanced levels. Students typically spend 2-3 years at each level as they learn and master each skill in the curriculum. At the end of the year a written evaluation is posted into the student's account for each class under the parent portal.

Acrobatic Arts - This program is based on safe and effective progressions with proven results in five divisions - flexibility, strength, balancing, limbering, and tumbling. The certified curriculum combines many classic dance elements with physical conditioning, allowing students to undertake the complex acrobatic moves that are part of the style. It is great for building strength coordination as well as build confidence for competitive dancers, cheerleaders, twirlers, etc. Students test periodically throughout the year to move to the next level.

Musical Theater - Students will be exposed to various theatrical dance styles that incorporate elements of ballet, jazz and modern while staying true to Broadway inspired choreography and music.

Voice & Piano - Fusion offers piano and voice lessons on an individual basis. Ask the front desk for information about how to schedule for your child.

Private Lessons - Consider a private lesson for your dancer with their favorite teacher, once a month, or once a week! Work on a certain skill or even the recital dance. One-on-one attention is so important for your dancer. Ask the front desk for information about how to schedule.

PERFORMANCE OPPORTUNITIES AT FUSION

We are incredibly passionate about dance and that's why we offer more performance opportunities for those students who just can't get enough. Our teams give our students a chance to show their dedication to dance and build a higher level of leadership, self-confidence, and self-reliance. Through participation in competitions, performances, and conventions, we hope to instill in our students an appreciation for other dancers and teachers both inside our own studio and with other studios. Being part of a team requires a more serious time commitment, additional expenses, and dedication beyond the normal dance year.
